

Open Space Technology Training

In various parts of the world, training is available on a regular basis. The Open Space Institute Denmark organizes training in Denmark and in the Netherlands each year, as well as on request.

The next Open Space Training Course in Denmark is June 18th and 19th, in the Netherlands September 1st and 2nd, 2010.

You can download the flyers here:

Other meetings

There are regular meetings where Open Space facilitators meet to exchange experiences. The yearly "WOSONOS" (Worldwide Open Space on Open Space) in 2009 was held in Taiwan, in 2010 it will take place in Berlin, May 12th-15th. The website is: <http://www.boscop.org/events/508>

Another large meeting where professionals who work with different methods meet is the Organisational Development World Summit, which will be held in Budapest from August 21st-26th.
